

**THIRD AMENDED STANDING PUBLIC HEALTH ORDER RELATED TO EVENTS
THIS ORDER SUPSEEDS ANY AND ALL PREVIOUS ORDERS ISSUED BY
SAGUACHE COUNTY PUBLIC HEALTH. EFFECTIVE MARCH 24, 2020**

Pursuant to Colo. Rev. Stat. § 25-1-506 and other applicable authority, this Order sets forth guidance and requirements for, as well as limitations on, group gatherings to slow the spread of the COVID-19 virus.

The purpose of these amendments is to amend and clarify the existing Order in response to inquiries received from elected officials and the public, and to expand protection for At Risk Persons (as defined in this Order). For the avoidance of doubt, this Order should be construed to eliminate all non-essential services or non-essential sales of goods, and should be construed in the light most favorable to preventing the community spread of COVID-19.

On March 10, 2020, the Governor of Colorado declared a state of Emergency related to the presence of COVID-19 in the State. The Colorado Department of Public Health and Environment has confirmed that COVID-19 continues to spread throughout the State of Colorado.

On March 13, 2020, the President of the United States declared a National Emergency due to COVID-19.

On March 14, 2020, Saguache County declared a Local Disaster Emergency related to COVID-19.

On March 15, 2020, large municipalities across the nation, such as New York City, have announced the closing of all bars and restaurants except for takeout and delivery services.

On March 16, 2020, the Governor of Colorado announced the closing of all bars and restaurants except for takeout and delivery services.

All Executive Orders supersede any Local Public Health Orders.

The age, condition, and health of a significant portion of the population in Saguache County places it at risk of serious health complications, including death, from COVID-19. Although most individuals who contract COVID-19 do not become seriously ill, persons with mild symptoms and asymptomatic persons with COVID-19 may place other vulnerable members of the public at significant risk. A large surge in the number of persons with serious infections can compromise the ability of the healthcare system, particularly in the high-country counties currently affected by community transmission, to deliver necessary healthcare to the public.

The limitations on business activities, large gatherings and use of social distancing decreases the risk of COVID-19 transmission to our most vulnerable populations, and is especially important for people who are over 60 years old, or those with chronic health conditions due to their higher risk of severe illness and death from COVID-19. This Order will reduce the likelihood that many individuals will be exposed to COVID-19 at a single event, and will therefore slow the spread of COVID-19 in our communities.

This Order is adopted pursuant to the legal authority set forth in sections 25-1-506 and 25-1-508, Colorado Revised Statutes. Under these laws, the Saguache County Public Health Director has the duty to investigate and control the causes of epidemic or communicable diseases and conditions affecting public health and to establish, maintain, and enforce isolation and quarantine, and in pursuance thereof, and for this purpose only, to exercise physical control over property and over the persons of the people within the jurisdiction of the agency as the agency may find necessary for the protection of the public health.

This Order shall apply to all unincorporated areas of Saguache County, Colorado and all incorporated (municipal) areas that do not have their own public health agency, to wit: Town of Center, Town of Crestone, Town of Moffat, Town of Saguache, Colorado.

All events must follow the requirements stated herein.
